

WHEELS INC. MASTER LEASE AGREEMENT

by and between

WHEELS INC., an Illinois corporation (“Lessor”)

and

MERIDIAN FOODS CORPORATION, a Delaware corporation (“Lessee” or “Client”)

Agreement No. WI-MLA-2024-0187A

Effective Date: March 1, 2024

This Master Lease Agreement (this “Agreement”) is entered into as of March 1, 2024 (the “Effective Date”) by and between Wheels Inc., an Illinois corporation (“Lessor”), and Meridian Foods Corporation, a Delaware corporation (“Lessee”). Lessor and Lessee are each a “Party” and together the “Parties.”

WHEREAS, Lessee desires to lease motor vehicles from Lessor from time to time for use in Lessee's business, and Lessor is willing to acquire and lease such vehicles to Lessee, on the terms of this Agreement and the Schedules executed hereunder;

NOW, THEREFORE, in consideration of the mutual covenants herein, the Parties agree as follows:

ARTICLE I — DEFINITIONS

1.1 “Book Value”. means, for any Unit at any time, its Capitalized Cost less accumulated depreciation reserve billed through such time.

1.2 “Capitalized Cost”. means the sum of the Unit's invoice price paid by Lessor (net of manufacturer incentives assigned to Lessee), upfitting and accessory costs, delivery and freight charges, and initial title and registration charges advanced by Lessor.

1.3 “Delivery Date”. means the date a Unit is accepted by or on behalf of Lessee pursuant to Section 2.4.

1.4 “Lease Charge”. means the finance charge component of the Rental, determined under Article IV.

1.5 “Lease Term”. means, for each Unit, the period beginning on its Delivery Date and continuing until terminated pursuant to this Agreement, subject to the minimum term in Section 3.4.

1.6 “Rental”. means the periodic amount payable per Unit under Section 3.2, comprising the depreciation reserve, the Lease Charge, and the lease administration fee.

1.7 “Schedule”. means each vehicle order schedule, in the form of Schedule A or as otherwise agreed, executed by the Parties and incorporating the terms of this Agreement.

1.8 “Unit”. means each motor vehicle leased under this Agreement, together with attached equipment and accessories.

1.9 “TRAC”. means the terminal rental adjustment clause set forth in Article V.

1.10 “Casualty Occurrence”. means, with respect to a Unit, its loss, theft, destruction, confiscation, or damage beyond economic repair.

1.11 “Fleet Portal”. has the meaning given in the Master Service Agreement between the Parties or, absent one, means Lessor's web-based fleet information system.

1.12 “Gross Sale Proceeds”. means the gross amount realized upon sale of a Unit, before deduction of remarketing fees, transport, reconditioning, or auction charges.

1.13 “Master Service Agreement”. means that certain Master Service Agreement between the Parties dated as of March 1, 2024 (Agreement No. WI-MSA-2024-0187), as amended from time to time, if and while in effect.

ARTICLE II — LEASE; ORDERING; DELIVERY

2.1 Master Lease Structure. This Agreement establishes the master terms under which Lessor shall lease Units to Lessee. Each Schedule executed by the Parties constitutes a separate lease of the Units described therein, incorporating this Agreement by reference. In the event of conflict between this Agreement and a Schedule, the Schedule controls as to the Units it describes.

2.2 Orders. Lessee may submit vehicle orders through the Fleet Portal or by written purchase request. Lessor shall use commercially reasonable efforts to place accepted orders with manufacturers or dealers within five (5) business days, and shall confirm estimated delivery timing to Lessee.

2.3 This is a Lease; Title. Each lease under this Agreement is intended to be a true lease. Title to each Unit remains with Lessor at all times during its Lease Term. Lessee shall have no right, title, or interest in any Unit except the right of quiet use and possession conferred herein, and shall keep each Unit free of liens other than those arising through Lessor.

2.4 Delivery and Acceptance. Lessee shall inspect each Unit upon delivery. Execution of a delivery receipt, entry of acceptance in the Fleet Portal, or use of the Unit in Lessee's operations for more than five (5) business days shall each constitute irrevocable acceptance. LESSOR LEASES EACH UNIT AS-IS, AND MAKES NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE; Lessor assigns to Lessee, for the Lease Term, the benefit of available manufacturer warranties.

2.5 Vehicle Substitutions. Prior to factory order acceptance, Lessee may substitute vehicle specifications without charge. Following order acceptance, changes are subject to manufacturer accommodation and any associated costs shall be added to the Unit's Capitalized Cost.

2.6 Manufacturer Incentives. Fleet incentives, rebates, and allowances offered by manufacturers with respect to Units ordered for Lessee's account shall be applied to reduce Capitalized Cost or passed through to Lessee, as reflected in the applicable Schedule. Lessor shall administer Lessee's fleet account numbers with manufacturers as Lessee's agent for incentive purposes.

2.7 Sale-Leaseback of Existing Fleet. Upon mutual agreement, Lessor may purchase vehicles owned by Lessee as of the Effective Date at values determined by prevailing wholesale market guides, adjusted for condition and mileage, and lease such vehicles back to Lessee as Units hereunder. The purchase value of each such vehicle shall constitute its Capitalized Cost, and its depreciation reserve percentage shall be assigned by remaining useful life consistent with Schedule A, as stated in the applicable Schedule.

2.8 Order Cancellations. If Lessee cancels an order after manufacturer acceptance, Lessee shall reimburse Lessor's actual out-of-pocket costs incurred in respect of the cancelled order and, where the vehicle has been produced, shall either accept delivery or pay the loss, if any, realized by Lessor on

disposition of the vehicle.

ARTICLE III — TERM; RENTALS; PAYMENT

3.1 Term of Agreement. This Agreement commences on the Effective Date and continues until terminated by either Party upon ninety (90) days' written notice; provided that termination of this Agreement shall not affect any Unit then under lease, as to which this Agreement remains in effect until the end of such Unit's Lease Term.

3.2 Rentals. For each Unit, Lessee shall pay Lessor a Rental, billed monthly in arrears, equal to the sum of: (a) the monthly depreciation reserve for the Unit's vehicle class, computed as the applicable percentage of Capitalized Cost set forth in **Schedule A**; (b) the Lease Charge determined under Article IV; and (c) a lease administration fee of **\$12.50 per Unit per month**.

3.3 Interim Rent. Interim rent shall accrue from the Delivery Date to the first day of the following calendar month at a daily rate equal to one-thirtieth (1/30th) of the monthly Rental.

3.4 Minimum Term. The minimum Lease Term for each Unit is twelve (12) months from its Delivery Date, except as provided in Article VIII (Casualty) or Article IX (Early Termination).

3.5 Payment; Late Charge. Rentals and other amounts are due within thirty (30) days of invoice date. Amounts unpaid after the due date bear a late charge of one and one-half percent (1.5%) per month or the maximum lawful rate, if lower. Lessee's obligation to pay Rentals is absolute and unconditional, and is not subject to abatement, set-off, or counterclaim (a "hell-or-high-water" obligation), Lessee's remedies being limited to independent claims against Lessor.

3.6 Security Deposit. No security deposit is required as of the Effective Date. If Lessee's credit profile materially deteriorates, as evidenced by two (2) consecutive late payments or a downgrade of Lessee's senior unsecured rating below investment grade, Lessor may require a deposit not exceeding two (2) months' aggregate Rentals as a condition of accepting further orders.

3.7 Application of Payments. Payments shall be applied first to late charges and costs, then to the oldest outstanding Rentals, and thereafter to current amounts, unless Lessee reasonably directs otherwise for amounts not in dispute.

ARTICLE IV — LEASE CHARGE

4.1 Rate. The Lease Charge for each Unit shall accrue on the unamortized Capitalized Cost at a floating rate per annum equal to **30-Day Average SOFR, as published by the Federal Reserve Bank of New York, plus two hundred thirty-five (235) basis points**, determined as of the first business day of each calendar month and applied to Rentals accruing in such month. If SOFR is discontinued, the Parties shall adopt the successor rate recommended by the Alternative Reference Rates Committee, adjusted to preserve the original economics.

4.2 Computation. The Lease Charge for each billing period equals the applicable rate, divided by twelve (for monthly computation) and applied to the Unit's unamortized Capitalized Cost as of the first day of the period. An illustrative computation appears in **Schedule B**.

4.3 4.3 Rate Publication. Lessor shall publish the applicable monthly rate in the Fleet Portal and, upon request, deliver the rate-setting calculation to Lessee.

4.4 Prepayment. Lessee may prepay the unamortized Capitalized Cost of any Unit in whole at any time without premium, whereupon subsequent Rentals for such Unit shall comprise only the lease administration fee and any pass-through charges, and the TRAC settlement shall be computed against a Book Value of zero.

4.5 Cost of Funds Disclosure. Upon Lessee's reasonable request, not more than twice per calendar year, Lessor shall meet with Lessee to review the composition of the Lease Charge rate, including the reference rate or fixed-rate basis, spread, and any programmatic adjustments then in effect.

ARTICLE V — TERMINAL RENTAL ADJUSTMENT (TRAC)

5.1 Open-End Lease; Adjustment. Upon sale of a Unit following expiration or termination, if net sale proceeds exceed Book Value, **one hundred percent (100%) of the surplus shall be paid to Client**; if net sale proceeds are less than Book Value, Client shall pay the deficiency to Lessor within thirty (30) days of settlement statement delivery. The Parties intend this adjustment to qualify as a terminal rental adjustment clause under 26 U.S.C. § 7701(h).

5.2 Settlement Statement. Within thirty (30) days after sale of a Unit, Lessor shall deliver a settlement statement showing Gross Sale Proceeds, sale-related charges, net sale proceeds, Book Value, and the resulting surplus or deficiency, together with any amount payable by or to Lessee.

5.3 Tax Characterization. The Parties intend that each lease hereunder be treated as a true lease for commercial law purposes and that Lessee's TRAC obligations not disqualify such treatment for federal income tax purposes pursuant to 26 U.S.C. § 7701(h). Lessee certifies that it intends that more than fifty percent (50%) of the use of each Unit will be in a trade or business of Lessee. Neither Party shall take a tax position inconsistent with this Section.

ARTICLE VI — TITLE, REGISTRATION, AND TAXES

6.1 Registration. Units shall be titled in the name of Lessor (or its nominee) and registered for operation by Lessee in the jurisdictions of garaging. Where Lessee is party to a Master Service Agreement with Lessor, initial titling, registration, and renewals shall be administered thereunder and charged as provided therein.

6.2 Taxes. Lessee shall pay or reimburse all sales, use, rental, excise, personal property, and similar taxes and governmental charges levied on the Units, the Rentals, or the leasing relationship, excluding taxes on Lessor's net income. Where Lessor pays such amounts, they shall be invoiced as itemized pass-through charges.

6.3 License Plates and Credentials. Credentials shall be affixed and maintained as required by the issuing jurisdiction. Lessee shall promptly report lost or stolen Credentials, and replacement charges shall be passed through to Lessee.

6.4 Personal Property and Highway Use Reporting. Where a jurisdiction imposes personal property tax, highway use tax, or similar recurring assessments on Units, Lessor shall prepare and file required returns in respect of Units titled in its name and invoice the assessed amounts to Lessee as pass-through charges, together with its standard filing administration charge disclosed in the Fleet Portal.

ARTICLE VII — USE, MAINTENANCE, AND COMPLIANCE

7.1 Use. Lessee shall use Units solely in the ordinary course of its business, within the United States and Canada, operated by licensed and qualified drivers, and in compliance with law, insurance requirements, and manufacturer specifications. Units shall not be used to transport hazardous materials requiring placarding, or for hire, without Lessor's prior written consent.

7.2 Maintenance. Lessee shall, at its expense, maintain each Unit in good operating condition and repair, ordinary wear and tear excepted, in accordance with manufacturer-recommended schedules. Enrollment in Lessor's maintenance management program under the Master Service Agreement satisfies this obligation as to program-covered items.

7.3 Alterations. Lessee shall not make structural alterations to any Unit without Lessor's consent, not to be unreasonably withheld. Permitted additions that can be removed without material damage remain Lessee's property; all other additions become part of the Unit.

7.4 Inspection. Lessor may inspect any Unit and its maintenance records upon reasonable notice during business hours.

7.5 Odometer; Records. Lessee shall maintain accurate odometer readings for each Unit, shall not permit tampering with any odometer, and shall cooperate in the completion of federal and state odometer disclosure statements upon transfer or disposal of any Unit, as required by 49 U.S.C. § 32705 and implementing regulations.

7.6 Drivers. Lessee shall assign Units only to Drivers holding valid licenses of the appropriate class and shall remove from driving duties any Driver whose license is suspended or revoked. Upon Lessor's reasonable request in connection with a claim or governmental inquiry, Lessee shall identify the Driver assigned to a Unit at a relevant time.

ARTICLE VIII — INSURANCE; RISK OF LOSS; CASUALTY

8.1 Risk of Loss. Lessee bears all risk of loss, theft, damage, or destruction of each Unit from the Delivery Date until return or sale. No loss or damage relieves Lessee of its Rental obligations.

8.2 Insurance. Lessee shall maintain, with insurers rated A-/VII or better: (a) commercial automobile liability coverage of not less than one million dollars (\$1,000,000) combined single limit, naming Lessor as additional insured; and (b) physical damage coverage on each Unit for its actual cash value, naming Lessor as loss payee. Lessee shall furnish certificates and thirty (30) days' notice of cancellation.

8.3 Casualty. If a Unit is lost, stolen, or damaged beyond economic repair, Lessee shall pay Lessor the Unit's Book Value as of the casualty date, plus accrued unpaid Rentals, less physical damage insurance

proceeds actually received by Lessor, whereupon the lease of such Unit terminates.

8.4 Waiver of Subrogation. Lessee shall cause its physical damage insurers to waive rights of subrogation against Lessor with respect to the Units, and shall provide evidence of such waiver upon request.

8.5 Self-Insurance. Lessee may self-insure the physical damage exposure described in Section 8.2(b) only with Lessor's prior written consent, which may be conditioned on evidence of Lessee's financial capacity, a formalized self-insurance program, and such security as Lessor reasonably requires. Liability coverage under Section 8.2(a) may not be self-insured except through a state-authorized self-insurance certificate.

ARTICLE IX — EARLY TERMINATION; RETURN

9.1 Early Termination. Client may terminate the lease of any Unit after twelve (12) months of its Lease Term upon thirty (30) days' notice, whereupon Client shall pay the Unit's unamortized Book Value plus an early termination administrative fee of **\$350.00 per Unit**, less net sale proceeds where Lessor remarkets the Unit.

9.2 Return. Upon termination of a Unit's Lease Term, Lessee shall return the Unit to the location reasonably designated by Lessor, in the condition required by Section 7.2 and the return standards of **Schedule C**, with all keys, Credentials, and documentation. Missing equipment and excess wear shall be charged to Lessee at reasonable cost.

9.3 Storage. Units held by Lessee more than fifteen (15) days after termination notice pending pickup shall be stored at Lessee's risk. Units held by Lessor at Lessee's request pending disposition instructions for more than thirty (30) days shall accrue a storage charge of \$6.00 per Unit per day, invoiced as incurred.

ARTICLE X — REMARKETING AND DISPOSAL

10.1 Remarketing. Following return or termination, Lessor shall remarket Units through commercially reasonable channels. Where Lessee is party to a Master Service Agreement with Lessor, remarketing fees and sale-related pass-through charges shall be as set forth therein and deducted in the settlement statement under Section 5.2.

10.2 Lessee Purchase Option. Lessee or its designee may purchase any Unit at the end of its Lease Term for the greater of Book Value or fair market wholesale value, plus applicable taxes and a documentation fee of \$150.00.

ARTICLE XI — DEFAULT; REMEDIES

11.1 Events of Default. Each of the following is an Event of Default: (a) Lessee's failure to pay any amount within ten (10) days after notice of non-payment; (b) breach of Section 8.2 (insurance); (c) any other material breach not cured within thirty (30) days of notice; (d) Lessee's insolvency, assignment for the benefit of creditors, or bankruptcy filing not dismissed within sixty (60) days; or (e) attachment

or seizure of any Unit not released within thirty (30) days.

11.2 Remedies. Upon an Event of Default, Lessor may, without further notice: terminate leases hereunder; repossess Units wherever found, without breach of the peace; recover all accrued Rentals, the aggregate Book Value of affected Units (subject to the TRAC settlement upon disposition), and Lessor's costs of repossession, storage, and sale, including reasonable attorneys' fees; and exercise all other rights available at law or in equity. Remedies are cumulative.

11.3 Mitigation. Lessor shall use commercially reasonable efforts to remarket repossessed Units, with net proceeds applied to Lessee's obligations.

11.4 Costs; Attorneys' Fees. The prevailing Party in any action arising from this Agreement is entitled to recover its reasonable costs and attorneys' fees from the other Party, in addition to other relief awarded.

11.5 Cross-Default. An uncured payment default by Lessee under any Master Service Agreement between the Parties exceeding sixty (60) days shall, at Lessor's election upon notice, constitute an Event of Default under this Agreement, and an Event of Default under this Agreement shall likewise constitute a material breach of such Master Service Agreement.

ARTICLE XI-A — FINANCIAL INFORMATION AND REPORTING

11A.1 Financial Statements. Within one hundred twenty (120) days after each fiscal year end, Lessee shall deliver to Lessor its audited (or, if not audited, officer-certified) financial statements, unless Lessee is a reporting company whose financial statements are publicly available. Lessor shall hold such statements as Confidential Information under the standards of the Master Service Agreement.

11A.2 Fleet Reporting. Lessor shall make available through the Fleet Portal, at no additional charge, monthly reporting of Units in service, Capitalized Cost, Book Value, accumulated depreciation reserve, projected TRAC exposure by Unit, and orders in process.

11A.3 Notice of Material Events. Lessee shall promptly notify Lessor of any change of control, sale of substantially all assets, relocation of its principal office, or event materially impairing its ability to perform hereunder.

ARTICLE XII — GENERAL PROVISIONS

12.1 Assignment. Lessee shall not assign this Agreement or sublet any Unit without Lessor's prior written consent, except to a wholly owned subsidiary upon notice, provided Lessee remains liable. Lessor may assign, pledge, or grant security interests in Rentals and Units in connection with its financing arrangements; Lessee's obligations to any assignee shall be absolute, and Lessee waives against assignees all defenses other than payment.

12.2 Governing Law; Venue. This Agreement is governed by the laws of the State of Illinois. The Parties consent to exclusive jurisdiction of the state and federal courts located in Cook County, Illinois, and waive trial by jury in any action arising from this Agreement.

12.3 Notices. Notices must be in writing and delivered as provided in the Master Service Agreement, or, absent one, to the Parties' principal addresses with a copy by email, effective on receipt.

12.4 Entire Agreement; Amendment. This Agreement, together with all Schedules, constitutes the entire agreement of the Parties as to the leasing of Units and may be amended only in a writing signed by both Parties. This Agreement is separate from, and does not amend, any Master Service Agreement between the Parties.

12.5 Severability; Counterparts; Survival. If any provision is held unenforceable, the remainder continues in effect. This Agreement may be executed in counterparts, including electronically. Articles V, VI, VIII, IX, X, XI, and XII survive termination as to accrued obligations.

12.6 Further Assurances. Each Party shall execute such further documents, including titling powers of attorney, odometer disclosures, and financing statement acknowledgments, as the other Party reasonably requests to give effect to this Agreement. Lessee authorizes Lessor to file precautionary UCC financing statements describing the Units.

12.7 Usury Savings. It is the Parties' intent that no amount payable hereunder constitute interest in excess of the maximum permitted by Applicable Law; any excess collected shall be applied to reduce Lessee's obligations or refunded.

12.8 Quiet Enjoyment. So long as no Event of Default has occurred and is continuing, Lessee shall peaceably hold and use the Units without interference by Lessor or anyone claiming through Lessor.

IN WITNESS WHEREOF, the Parties have executed this Agreement as of the Effective Date.

WHEELS INC. (Lessor)	MERIDIAN FOODS CORPORATION (Lessee)
By: /s/ Daniel R. Frankel	By: /s/ Katherine J. Willets
Name: Daniel R. Frankel	Name: Katherine J. Willets
Title: Chief Commercial Officer	Title: VP, Fleet and Corporate Services
Date: March 1, 2024	Date: March 1, 2024

SCHEDULE A — RATE SCHEDULE

The following depreciation reserve percentages apply per vehicle class, expressed as a monthly percentage of Capitalized Cost. The lease administration fee and Lease Charge rate are as stated in Sections 3.2 and 4.1 of the Agreement.

Vehicle Class	Monthly Depreciation Reserve (% of Capitalized Cost)
Passenger sedans and crossovers	2.00%
Light-duty trucks and SUVs (Class 1–3)	1.85%
Medium-duty trucks (Class 4–6)	1.60%

Classes not listed shall be assigned by Lessor to the most nearly comparable listed class, subject to Lessee's right to object within fifteen (15) days of the first invoice reflecting such assignment.

SCHEDULE B — ILLUSTRATIVE RENTAL CALCULATION

The following example is illustrative only and does not modify the Agreement. Actual amounts depend on the Unit's Capitalized Cost, vehicle class, Delivery Date, and the applicable Lease Charge rate.

Line Item	Amount
Vehicle invoice price	\$38,400.00
Upfit and accessories	\$2,150.00
Delivery and freight	\$465.00
Initial title and registration (per MSA)	\$85.00
Capitalized Cost	\$41,100.00
Monthly depreciation reserve (2.00%)	\$822.00
Lease Charge (illustrative: SOFR 5.32% + 2.35% = 7.67% p.a. on unamortized balance, month 1)	\$262.70
Lease administration fee	\$12.50
Month-1 Rental (excluding taxes)	\$1,097.20

For each subsequent month of the Lease Term, the depreciation reserve remains constant and the Lease Charge declines as the unamortized Capitalized Cost is reduced by accumulated depreciation reserve billed. Upon disposal, the TRAC settlement under Article V reconciles Book Value against net sale proceeds.

SCHEDULE C — RETURN CONDITION STANDARDS

Units returned at or before end of Lease Term shall meet the following standards. Deviations shall be charged to Lessee at reasonable repair or replacement cost in the Section 5.2 settlement statement.

Item	Standard
Mechanical condition	Starts, runs, and drives; no dashboard warning lamps illuminated
Body and paint	No individual dent or scratch exceeding 4 inches; no unrepaired collision damage
Glass and lamps	No cracks; chips repaired; all lamps functional
Tires	Matched set; minimum 4/32 inch tread remaining; no sidewall damage
Interior	No burns, tears, or odors requiring remediation; all seats and belts intact
Equipment	All keys and remotes (minimum two sets); original equipment present and functional
Markings	Company decals and wraps removed without paint damage, or de-identification authorized
Documentation	Registration card, plates where required, and maintenance records available

Ordinary wear and tear consistent with the Unit's age and mileage is acceptable and shall not be charged. Disputes regarding condition charges may be escalated under the governance process of the Master Service Agreement, where in effect.

SCHEDULE D — ILLUSTRATIVE EARLY TERMINATION SETTLEMENT

The following example illustrates the interaction of Section 9.1 (Early Termination) and Article V (TRAC) and is illustrative only; actual settlements depend on the Unit's class, in-service duration, and realized sale proceeds.

Line Item	Amount
Capitalized Cost (sedan, from Schedule B example)	\$41,100.00
Depreciation reserve billed through month 18 (18 × \$822.00)	\$14,796.00
Book Value at termination (month 18)	\$26,304.00
Early termination administrative fee (Section 9.1)	\$350.00
Net sale proceeds realized by Lessor	\$27,150.00
TRAC surplus paid 100% to Lessee (Section 5.1)	(\$846.00)
Net amount payable by Lessee	\$350.00 (fee), less \$846.00 surplus = \$496.00 credit

Remarketing fees and sale-related pass-through charges under the Master Service Agreement, where in effect, are deducted in computing net sale proceeds and are itemized in the settlement statement delivered under Section 5.2 of the Agreement.

SCHEDULE E — TITLING AND REGISTRATION MATRIX

Units shall be titled and registered in accordance with the following jurisdiction matrix for Lessee's currently disclosed garaging states. Additional jurisdictions shall follow Lessor's standard practice for the jurisdiction, as published in the Fleet Portal.

Jurisdiction	Title Holder	Registration Practice
Alabama	Lessor	Annual renewal; staggered by owner surname
Arizona	Lessor	Annual renewal; emissions in Phoenix and Tucson metros
California	Lessor (nominee)	Annual renewal; biennial smog check; CARB fleet rules apply
Colorado	Lessor	Annual renewal; emissions in Front Range counties
Florida	Lessor	Annual renewal; biennial option available
Georgia	Lessor	Annual renewal; TAVT applies at titling
Illinois	Lessor	Annual renewal; emissions in Chicago metro
Indiana	Lessor	Annual renewal; staggered
Michigan	Lessor	Annual renewal on owner birthday convention; fleet expiration available
Missouri	Lessor	Biennial renewal available; safety inspection over 10 years
New Jersey	Lessor (nominee)	Annual renewal; commercial inspections apply
New York	Lessor (nominee)	Biennial registration; annual safety inspection
North Carolina	Lessor	Annual renewal; property tax collected with registration
Ohio	Lessor	Annual renewal; E-check in Cleveland metro
Pennsylvania	Lessor	Annual renewal; annual safety inspection
Tennessee	Lessor	Annual renewal; emissions county-dependent
Texas	Lessor	Annual renewal; annual safety inspection; local county fees
Virginia	Lessor	Annual renewal; annual safety inspection; local property tax
Washington	Lessor	Annual renewal; RTA excise in Sound Transit district
Wisconsin	Lessor	Annual renewal; emissions in southeast counties

Where a jurisdiction requires lessee information on the registration, Lessee authorizes Lessor to disclose Lessee's name and garaging address for registration purposes. Credential distribution follows the service standards of the Master Service Agreement, where in effect.
