

WHEELS INC. MASTER SERVICE AGREEMENT

by and between

WHEELS INC., an Illinois corporation (“Provider”)

and

APEX FIELD SERVICES LLC, a Texas limited liability company (“Client”)

Agreement No. WI-MSA-2024-0214

Effective Date: June 15, 2024

This Master Service Agreement (this “Agreement”) is entered into as of June 15, 2024 (the “Effective Date”) by and between Wheels Inc., an Illinois corporation with its principal place of business at 666 Garland Place, Des Plaines, Illinois 60016 (“Provider”), and Apex Field Services LLC, a Texas limited liability company with its principal place of business at 4410 Pin Oak Boulevard, Houston, Texas 77081 (“Client”). Provider and Client are each a “Party” and together the “Parties.”

RECITALS

WHEREAS, Provider is engaged in the business of providing fleet management services to commercial operators of motor vehicle fleets;

WHEREAS, Client operates a fleet of approximately four hundred thirty (430) motor vehicles in connection with its business and desires to engage Provider to perform certain fleet management services with respect to such vehicles; and

WHEREAS, the Parties may contemporaneously or hereafter enter into a Master Lease Agreement pursuant to which Provider or its affiliate leases vehicles to Client, which agreement is separate from, and shall be interpreted independently of, this Agreement;

NOW, THEREFORE, in consideration of the mutual covenants set forth herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

ARTICLE I — DEFINITIONS

1.1 “Contract Year”. means each successive twelve (12) month period commencing on the Effective Date or an anniversary thereof.

1.2 “Enrolled Vehicle” or “Vehicle”. means each motor vehicle owned, leased, or operated by Client that is enrolled for one or more Services on Provider's fleet management system, whether or not such vehicle is leased under any Master Lease Agreement between the Parties or their affiliates.

1.3 “Fleet Portal”. means Provider's proprietary web-based fleet information system, including associated mobile applications and data feeds.

1.4 “Pass-Through Charge”. means any amount paid or payable by Provider to a third party or governmental authority on Client's behalf in connection with a Service, which is invoiced to Client without alteration except as expressly provided in Article III.

1.5 “Service Fee”. means the fees payable to Provider for the Services as set forth in Article III and Exhibit B.

1.6 “Services”. means the fleet management services elected by Client in Exhibit A, as described in Article III.

1.7 “Service Election”. means Client's designation in Exhibit A of the Services to be provided under this Agreement, as amended from time to time by written instrument executed by both Parties.

1.8 “Driver”. means any employee, agent, or contractor of Client authorized by Client to operate an Enrolled Vehicle.

1.9 “National Account Network”. means the network of third-party maintenance, repair, tire, and glass vendors with which Provider maintains negotiated pricing arrangements.

1.10 “MVR”. means a motor vehicle record obtained from a state department of motor vehicles or equivalent authority.

1.11 “Gross Sale Proceeds”. means the gross amount realized upon sale of a Vehicle through Provider's remarketing channels, before deduction of fees, transport, reconditioning, or auction charges.

1.12 “True-Up”. means the periodic reconciliation of estimated and actual charges as described in Article IV.

1.13 “Applicable Law”. means all federal, state, provincial, and local statutes, regulations, ordinances, and binding orders applicable to a Party's performance under this Agreement.

1.14 “Billing Cycle”. means each calendar month, unless a different cycle is specified for a Service in Exhibit B.

1.15 “Business Day”. means any day other than a Saturday, Sunday, or federal holiday in the United States.

1.16 “Client Data”. means Vehicle, Driver, transaction, and telematics data pertaining to Client's fleet that is furnished by Client or captured by Provider in performing the Services.

1.17 “Credentials”. means license plates, registration cards, stickers, permits, and similar governmental indicia issued with respect to a Vehicle.

1.18 “Repair Order”. means an individual authorization for maintenance or repair work on a Vehicle issued through Provider's maintenance management program.

Other capitalized terms have the meanings assigned where they first appear. References to Articles, Sections, and Exhibits are to this Agreement unless otherwise stated. The words “include” and “including” are deemed followed by “without limitation.”

ARTICLE II — ENGAGEMENT AND SCOPE

2.1 Engagement. Client hereby engages Provider, and Provider accepts such engagement, to perform the Services elected in Exhibit A with respect to Enrolled Vehicles during the Term, in accordance with the terms of this Agreement.

2.2 Service Elections; Changes. Client may add or remove Services, or enroll or unenroll Vehicles, upon not fewer than thirty (30) days' prior written notice, subject to execution of an amendment to Exhibit A. Fees for added Services shall be as mutually agreed in such amendment; absent agreement, Provider's then-current standard rates shall apply.

2.3 Standard of Performance. Provider shall perform the Services in a professional and workmanlike manner consistent with prevailing fleet management industry standards and in material compliance with applicable law, and shall at all times maintain the licenses and permits necessary for its performance.

2.4 Subcontractors. Provider may engage subcontractors and network vendors in performing the Services, provided that Provider remains responsible for the acts and omissions of such subcontractors to the same extent as its own.

2.5 Client Responsibilities. Client shall furnish accurate Vehicle, Driver, and garaging data; maintain insurance as required by Article IX; ensure Drivers comply with program requirements; and respond to authorization requests within two (2) business days. Provider shall not be liable for delays or errors to the extent caused by Client data that is inaccurate or untimely.

2.6 Implementation. Provider shall commence implementation promptly following the Effective Date, including data onboarding, card issuance, transponder distribution, and Fleet Portal provisioning, in accordance with the implementation plan set forth in Exhibit D. Each Party shall designate an implementation lead with authority to resolve day-to-day onboarding matters.

2.7 Account Team; Governance. Provider shall assign a named account manager and service delivery team to Client's program. The Parties shall conduct quarterly business reviews covering service performance, spend analytics, savings opportunities, and roadmap items, and an annual executive review of program strategy.

ARTICLE III — SERVICES AND SERVICE FEES

The following Sections describe each Service and the associated fees. Fees stated in this Article III are summarized, and in the event of conflict controlled, by the Fee Schedule set forth in **Exhibit B**. Pass-Through Charges are additional to Service Fees in all cases.

3.1 Bundled Management Fee

(a) *Description.* Certain services identified in Exhibit A are provided as an integrated Fleet Management Bundle and are charged through a single bundled fee rather than service-by-service pricing.

(b) *Fees.* In consideration of the bundled services identified in Exhibit A as included in the Fleet Management Bundle (maintenance management, insurance certificate administration, and mileage capture and reporting), Client shall pay a single bundled management fee per enrolled Vehicle per month, determined by the total number of enrolled Vehicles as of the first day of the applicable month: **\$21.50** for the first two hundred fifty (250) Vehicles; **\$18.75** for Vehicles two hundred fifty-one (251) through five hundred (500); and **\$16.25** for each Vehicle in excess of five hundred (500). Tier pricing applies marginally by band, not retroactively to the entire fleet.

(c) *Conditions.* Tier positioning is measured on the first day of each month from Fleet Portal enrollment records and reconciled in the quarterly True-Up. Vehicles enrolled for any bundled component count toward tier thresholds; unenrolled Vehicles do not.

3.2 Fuel

(a) *Description.* Provider shall furnish fuel cards accepted at Provider's merchant network, establish purchase controls and exception parameters designated by Client, capture product, quantity, price, odometer, and merchant data at the point of sale, and provide consolidated fuel reporting through the Fleet Portal.

(b) *Fees.* No card program fee shall apply. Fuel transactions shall be billed to Client at **actual cost plus one and three-quarters percent (1.75%)**. Where aggregate network rebates received by Provider in respect of Client transactions exceed twelve thousand five hundred dollars (\$12,500.00) in any calendar quarter, Provider shall credit Client **fifty percent (50%) of the excess** in the quarterly true-up described in Section 4.6.

(c) *Conditions.* Card limits, product restrictions, and exception rules shall be as configured by Client in the Fleet Portal. Client is responsible for all transactions made with a card or PIN prior to Client's report of loss, theft, or driver separation. Provider shall deactivate reported cards within one (1) business hour of notice through the Fleet Portal or the program support line.

3.3 Initial Title and Registration

(a) *Description.* Provider shall prepare and submit applications for certificate of title and initial registration for each Vehicle placed in service, obtain license plates, and remit governmental fees on Client's behalf.

(b) *Fees.* Initial titling and registration services shall be billed at **actual governmental cost plus a markup of twelve percent (12%)**. No separate per-Vehicle flat fee shall apply.

(c) *Conditions.* Client shall furnish executed powers of attorney, proof of insurance, and other documents reasonably required by titling jurisdictions. Governmental processing times are outside Provider's control, and Provider shall not be responsible for delays attributable to a jurisdiction or to incomplete Client documentation.

3.4 Maintenance

(a) *Description.* Provider shall operate a maintenance management program including preventive maintenance scheduling, repair authorization by ASE-certified technicians, national account pricing administration, and warranty and goodwill recovery on Client's behalf.

(b) *Fees.* Maintenance management is included in the Bundled Management Fee. Third-party repair and preventive maintenance charges arranged through Provider's national account network shall be billed at **actual cost plus six percent (6%)**; charges from non-network vendors shall be billed at **actual cost plus ten percent (10%)**.

(c) *Conditions.* Repairs necessitated by abuse, neglect, or unauthorized modification are outside program scope and shall be flagged for Client review. Provider shall pursue manufacturer warranty, policy adjustment, and goodwill recoveries where identifiable, and shall credit recovered amounts to Client in the billing cycle following receipt.

3.5 Registration and Renewals

(a) *Description.* Provider shall track registration expiration dates for all enrolled Vehicles, prepare and file renewal applications, remit governmental charges, and distribute renewed credentials to Vehicle custodians.

(b) *Fees.* Client shall pay **actual governmental cost plus \$7.25 per renewal event**. Provider shall initiate each renewal no fewer than forty-five (45) days prior to expiration.

(c) *Conditions.* Client shall ensure Vehicles are made available for emissions or safety inspections where required by the garaging jurisdiction. Late penalties arising from Client's failure to complete required inspections, or from garaging data not updated in the Fleet Portal, are Client's responsibility.

3.6 Toll

(a) *Description.* Provider shall procure and administer electronic toll transponders, maintain tolling-authority accounts, reconcile toll activity to Vehicles and drivers, and provide consolidated toll reporting.

(b) *Fees.* Toll charges assessed by tolling authorities shall be passed through at **actual cost plus a three percent (3%) administrative charge**. No per-device fee shall apply for the first transponder issued per Vehicle; replacement transponders shall be billed at **\$28.00 per device**.

(c) *Conditions.* Client shall ensure transponders remain mounted in assigned Vehicles. Toll-by-plate and violation notices arising from unmounted or damaged transponders shall be processed under the Violation service and billed accordingly.

3.7 Violation

(a) *Description.* Provider shall receive, log, and process parking, toll-evasion, camera, and other citations issued against enrolled Vehicles, remit fines to issuing authorities to preserve Client's standing, identify the responsible driver where data permits, and provide violation trend reporting.

(b) *Fees.* Client shall pay a processing fee of **\$18.00 per violation** for the first fifty (50) violations processed in a calendar month and **\$12.00 per violation** thereafter in the same month. Fines and penalties are passed through at actual cost.

(c) *Conditions.* Provider's remittance of a fine is not an admission of liability and does not waive Client's right to contest a citation; contested matters are handled only upon Client's written instruction. Amounts advanced by Provider for fines and penalties appear as Pass-Through Charges on the next invoice.

3.8 Collision

(a) *Description.* Provider shall operate a twenty-four (24) hour accident reporting line, coordinate appraisals and repairs, manage total-loss and salvage processing, and pursue subrogation where commercially reasonable.

(b) *Fees.* Accident and collision repairs managed by Provider shall be billed at **actual repair cost plus eight percent (8%)**. A claim intake fee of **\$95.00 per claim** shall apply; provided, however, that such intake fee shall be **waived for any Vehicle enrolled in Provider's telematics service** at the time of

loss.

(c) *Conditions.* Client shall cause Drivers to report accidents within twenty-four (24) hours. Provider's repair network estimates are subject to supplement upon teardown. Total-loss determinations follow the valuation methodology of Client's physical damage insurer, or, where Client self-insures, prevailing market guides.

3.9 Insurance

(a) *Description.* Provider shall track evidence of Client-procured insurance coverage against contractual requirements, coordinate certificates with Client's brokers, and provide loss-run and exposure reporting.

(b) *Fees.* Insurance certificate administration is included in the Bundled Management Fee. Optional gap-exposure reporting is available at **\$0.65 per Vehicle per month** upon written election.

(c) *Conditions.* Provider's tracking of certificates is administrative only, and does not constitute verification of coverage adequacy or a guarantee of policy performance. Client remains solely responsible for procuring and maintaining coverage required by Article VII and by applicable law.

3.10 Mileage and Logging

(a) *Description.* Provider shall capture, validate, and report Vehicle odometer and utilization data, and shall maintain mileage histories suitable for lifecycle, tax, and personal-use reporting.

(b) *Fees.* Mileage capture and reporting is included in the Bundled Management Fee. Manual odometer audits requested by Client beyond one (1) audit per Contract Year shall be billed at **\$4.00 per Vehicle per audit**.

(c) *Conditions.* Client shall cause Drivers to report odometer readings at each fuel transaction prompt. Where readings are missing or manifestly erroneous, Provider may impute mileage from historical utilization for reporting continuity, with imputed values flagged as such in the Fleet Portal.

3.11 Telematics

(a) *Description.* Provider shall supply, activate, and support in-vehicle telematics devices providing location, speed, harsh-event, idle, and diagnostic trouble-code data, accessible through the Fleet Portal and associated driver applications.

(b) *Fees.* Client shall pay a telematics service fee of **\$14.50 per enrolled unit per month**, inclusive of hardware provided under a thirty-six (36) month service commitment per unit. Removal of a unit from service prior to expiration of its commitment period shall incur an early de-installation charge of **\$75.00 per unit**.

(c) *Conditions.* Client is responsible for obtaining any Driver consents required by applicable law with respect to location and behavior monitoring. Devices remain Provider's property and shall be returned upon Vehicle disposal or service termination; unreturned devices shall be billed at replacement cost.

3.12 Rentals

(a) *Description.* Provider shall arrange short-term replacement and supplemental rental vehicles through national rental vendors, administer billing, and manage rental duration controls.

(b) *Fees.* NOT ELECTED. Client has not elected rental management services under this Agreement. Should Client subsequently elect such services, rental vendor charges shall be billed at **actual cost plus five percent (5%)** pursuant to a written amendment executed by both parties.

(c) *Conditions.* Rental reservations exceeding thirty (30) consecutive days for a single requirement require Client's written approval. Client is responsible for fuel, damage, and ancillary charges assessed by rental vendors under their rental terms.

3.13 Driver Background and Safety

(a) *Description.* Provider shall administer motor vehicle record inquiries, license status monitoring, and Client's driver safety program, including assignment of remedial training triggered by Client's point thresholds.

(b) *Fees.* Client shall pay a driver onboarding package fee of **\$39.00 per driver**, comprising initial MVR inquiry, license verification, and safety-policy attestation. Subsequent annual MVR inquiries shall be billed at **\$5.95 per inquiry**. State DMV charges are passed through at actual cost.

(c) *Conditions.* Client is responsible for compliance with the Fair Credit Reporting Act, the Driver's Privacy Protection Act, and analogous state laws, including obtaining Driver consents and providing adverse-action notices. Provider acts as Client's administrator and not as a consumer reporting agency.

3.14 Remarketing

(a) *Description.* Provider shall manage end-of-life Vehicle disposal, including condition reporting, reconditioning recommendations, channel selection across physical and online auctions, negotiation of sale, and settlement of proceeds.

(b) *Fees.* Upon disposal of a Vehicle through Provider's remarketing channels, Client shall pay a remarketing fee equal to **three and one-half percent (3.5%) of gross sale proceeds, subject to a minimum fee of \$250.00 per Vehicle**. No flat per-unit fee shall otherwise apply. Auction, transport, and reconditioning charges are passed through at actual cost.

(c) *Conditions.* Client shall deliver Units for sale free of company decals, confidential materials, and personal property, or shall authorize de-identification at the prevailing per-unit charge. Sale timing and channel recommendations are made in Provider's reasonable judgment of market conditions; Provider does not guarantee any sale price.

ARTICLE IV — INVOICING AND PAYMENT

4.1 Invoices. Provider shall invoice Client monthly in arrears for Service Fees and Pass-Through Charges incurred during the preceding billing cycle. Invoices shall itemize charges by Service, Vehicle, and cost category, and shall be delivered electronically through the Fleet Portal or such other means as the Parties agree.

4.2 Payment Terms. Client shall pay each invoice in full within forty-five (45) days of the invoice date by ACH or wire transfer to the account designated by Provider. Amounts not subject to a good-faith dispute noticed under Section 4.4 that remain unpaid after the due date shall bear a late charge of one percent (1.0%) per month, or the maximum rate permitted by law if lower, from the due date until paid.

4.3 Estimated Billing. Where actual third-party charges are unavailable at the close of a billing cycle, Provider may invoice a reasonable estimate and shall reconcile the estimate to actual charges in a subsequent invoice.

4.4 Disputes. Client may dispute an invoiced amount in good faith by written notice delivered within sixty (60) days of the invoice date, specifying the item and basis of dispute. The Parties shall cooperate to resolve disputes within thirty (30) days of notice. Client shall pay all undisputed amounts when due. Amounts not disputed within such sixty (60) day period are conclusively deemed accepted.

4.5 Fee Adjustments. On each anniversary of the Effective Date, the fixed fees set forth in Exhibit B shall increase automatically by two and one-half percent (2.5%), without further notice or amendment.

4.6 Quarterly True-Up. Within thirty (30) days after the close of each calendar quarter, Provider shall deliver a reconciliation statement of (i) tier positioning under the Bundled Management Fee, (ii) fuel rebate sharing under Section 3.2, and (iii) estimated versus actual Pass-Through Charges, and the net adjustment shall be applied as a credit or charge on the next monthly invoice.

4.7 Taxes. Client shall bear all sales, use, excise, and similar taxes imposed on the Services or Pass-Through Charges, excluding taxes on Provider's net income. Where Provider is required to collect such taxes, they shall be separately stated on the invoice.

ARTICLE V — REPRESENTATIONS AND WARRANTIES

5.1 Mutual. Each Party represents and warrants that: (a) it is duly organized, validly existing, and in good standing under the laws of its jurisdiction of organization; (b) it has full power and authority to execute and perform this Agreement; and (c) this Agreement constitutes its legal, valid, and binding obligation, enforceable in accordance with its terms.

5.2 Disclaimer. EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, PROVIDER MAKES NO WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, WITH RESPECT TO THE SERVICES, THE FLEET PORTAL, OR ANY DATA OR REPORT FURNISHED HEREUNDER.

ARTICLE VI — INDEMNIFICATION; LIMITATION OF LIABILITY

6.1 By Provider. Provider shall defend, indemnify, and hold harmless Client and its officers, directors, and employees from third-party claims to the extent arising from Provider's gross negligence, willful misconduct, or material breach of this Agreement.

6.2 By Client. Client shall defend, indemnify, and hold harmless Provider and its officers, directors, and employees from third-party claims to the extent arising from the ownership, operation, use, or

condition of any Vehicle, the acts or omissions of any Driver, or Client's material breach of this Agreement.

6.3 Limitation. EXCEPT FOR INDEMNIFICATION OBLIGATIONS AND BREACHES OF ARTICLE X, NEITHER PARTY SHALL BE LIABLE FOR INDIRECT, INCIDENTAL, CONSEQUENTIAL, SPECIAL, OR PUNITIVE DAMAGES, AND PROVIDER'S AGGREGATE LIABILITY UNDER THIS AGREEMENT SHALL NOT EXCEED THE SERVICE FEES (EXCLUDING PASS-THROUGH CHARGES) PAID BY CLIENT IN THE TWELVE (12) MONTHS PRECEDING THE EVENT GIVING RISE TO LIABILITY.

ARTICLE VII — INSURANCE

7.1 Client Coverage. Client shall maintain, at its expense: (a) commercial automobile liability insurance with combined single limits of not less than one million dollars (\$1,000,000) per occurrence covering all Enrolled Vehicles; (b) workers' compensation insurance as required by law; and (c) commercial general liability insurance of not less than two million dollars (\$2,000,000) in the aggregate. Client shall cause Provider to be named as an additional insured on the policies described in clauses (a) and (c) and shall furnish certificates of insurance upon request.

ARTICLE VIII — CONFIDENTIALITY AND DATA

8.1 Confidential Information. Each Party shall hold in confidence all non-public business, technical, pricing, and fleet data of the other Party disclosed in connection with this Agreement, shall use such information solely to perform hereunder, and shall protect it with no less than reasonable care. These obligations survive termination for three (3) years, and indefinitely for trade secrets.

8.2 Fleet Data. As between the Parties, Client owns Vehicle and Driver data furnished by Client. Provider may use de-identified and aggregated fleet data for benchmarking, analytics, and product improvement. Provider shall maintain commercially reasonable administrative, technical, and physical safeguards for Client data and shall notify Client without undue delay of any security incident affecting it.

ARTICLE IX — TERM AND TERMINATION

9.1 Term. This Agreement commences on the Effective Date and continues for an initial term of thirty-six (36) months (the "Initial Term"), renewing automatically for successive twelve (12) month periods unless either Party gives notice of non-renewal at least ninety (90) days before the end of the then-current term.

9.2 Termination for Cause. Either Party may terminate this Agreement upon written notice if the other Party materially breaches and fails to cure within thirty (30) days of notice, or upon the other Party's insolvency, assignment for the benefit of creditors, or bankruptcy filing not dismissed within sixty (60) days.

9.3 Effect of Termination. Upon expiration or termination: (a) accrued and unbilled Service Fees and Pass-Through Charges become immediately due; (b) Provider shall reasonably cooperate, at Client's

expense, in transitioning Services; and (c) Sections 4, 6, 8, 9.3, and 10 survive.

ARTICLE X — GENERAL PROVISIONS

10.1 Governing Law; Venue. This Agreement is governed by the laws of the State of Illinois, without regard to conflicts-of-law principles. The Parties consent to the exclusive jurisdiction of the state and federal courts located in Cook County, Illinois.

10.2 Notices. Notices must be in writing and delivered by hand, nationally recognized overnight courier, or certified mail to the addresses in the preamble, with a copy by email, and are effective upon receipt.

10.3 Assignment. Neither Party may assign this Agreement without the other Party's prior written consent, except to an affiliate or in connection with a merger or sale of substantially all assets, upon notice.

10.4 Force Majeure. Neither Party is liable for delay or failure to perform (other than payment obligations) caused by events beyond its reasonable control, including acts of God, governmental action, labor disturbance, utility or network failure, epidemic, or supply disruption.

10.5 Independent Contractors. The Parties are independent contractors. Nothing herein creates a partnership, joint venture, or agency relationship.

10.6 Entire Agreement; Amendment; Order of Precedence. This Agreement, together with its Exhibits, constitutes the entire agreement of the Parties regarding its subject matter and supersedes all prior understandings. It may be amended only by a written instrument executed by both Parties. In the event of conflict, Exhibit B controls as to fees, then this Agreement, then the remaining Exhibits.

10.7 Severability; Waiver; Counterparts. If any provision is held unenforceable, the remainder continues in effect. No waiver is effective unless in writing, and no waiver of one breach waives any other. This Agreement may be executed in counterparts, including by electronic signature, each of which is an original.

10.8 Audit Rights. Not more than once per Contract Year, upon thirty (30) days' notice and during normal business hours, Client or its independent auditor (not compensated on a contingency basis) may audit Provider's books and records directly relating to fees and Pass-Through Charges invoiced to Client in the preceding twelve (12) months. If an audit discloses a net overcharge exceeding three percent (3%) of amounts invoiced for the audited period, Provider shall reimburse the reasonable cost of the audit in addition to refunding the overcharge with interest at the late-charge rate.

10.9 Compliance with Laws; Anti-Corruption. Each Party shall comply with Applicable Law in its performance hereunder, including anti-bribery laws such as the U.S. Foreign Corrupt Practices Act, applicable export control and sanctions regimes, and applicable data protection laws. Neither Party shall offer or accept any improper payment in connection with this Agreement.

10.10 Publicity. Neither Party shall use the other Party's name, logo, or marks in press releases, client lists, or marketing materials without prior written consent, except as required by law or stock-exchange

rule.

10.11 Dispute Escalation. Before commencing litigation (other than for injunctive relief or to preserve a limitations period), the Parties shall escalate any dispute first to the account governance level described in Section 2.7 and then to an officer of each Party, who shall confer in good faith for not fewer than thirty (30) days.

IN WITNESS WHEREOF, the Parties have executed this Agreement as of the Effective Date.

WHEELS INC.	APEX FIELD SERVICES LLC

Name: Daniel R. Frankel	Name: Ramon T. Delgado
Title: Chief Commercial Officer	Title: Chief Operating Officer
Date: June 15, 2024	Date: June 15, 2024

EXHIBIT A — SERVICE ELECTIONS

The following Services are elected by Client as of the Effective Date. Services marked “Not Elected” are excluded from the scope of this Agreement and shall not be invoiced.

Service	Election	Pricing Reference
Fuel	Elected	Section 3.2; Exhibit B
Initial Title and Registration	Elected	Section 3.3; Exhibit B
Maintenance	Elected — Bundled	Sections 3.1 and 3.4; Exhibit B
Registration and Renewals	Elected	Section 3.5; Exhibit B
Toll	Elected	Section 3.6; Exhibit B
Violation	Elected	Section 3.7; Exhibit B
Collision	Elected	Section 3.8; Exhibit B
Insurance	Elected — Bundled	Sections 3.1 and 3.9; Exhibit B
Mileage and Logging	Elected — Bundled	Sections 3.1 and 3.10; Exhibit B
Telematics	Elected	Section 3.11; Exhibit B
Rentals	Not Elected	Section 3.12 (contingent)
Driver Background and Safety	Elected	Section 3.13; Exhibit B
Remarketing	Elected	Section 3.14; Exhibit B

EXHIBIT B — FEE SCHEDULE

All fees are stated in U.S. dollars and are exclusive of Pass-Through Charges and applicable taxes. Capitalized terms have the meanings given in the Agreement.

Item	Fee	Unit / Basis
Bundled Management Fee — Tier 1 (units 1–250)	\$21.50	per Vehicle per month
Bundled Management Fee — Tier 2 (units 251–500)	\$18.75	per Vehicle per month
Bundled Management Fee — Tier 3 (units 501+)	\$16.25	per Vehicle per month
Fuel transactions	cost + 1.75%	per transaction
Fuel rebate share above \$12,500/quarter	50% credit	quarterly True-Up
Initial title and registration	cost + 12%	per Vehicle
Maintenance — network vendors	cost + 6%	per repair order
Maintenance — non-network vendors	cost + 10%	per repair order
Registration renewals	cost + \$7.25	per renewal event
Toll administration	cost + 3%	per toll charge
Replacement transponder	\$28.00	per device
Violation processing — first 50 per month	\$18.00	per violation
Violation processing — thereafter	\$12.00	per violation
Collision repairs	cost + 8%	per repair
Collision claim intake	\$95.00	per claim; waived if telematics-enrolled
Gap-exposure reporting (optional)	\$0.65	per Vehicle per month
Manual odometer audit (beyond 1/year)	\$4.00	per Vehicle per audit
Telematics service (36-month commitment)	\$14.50	per unit per month
Telematics early de-installation	\$75.00	per unit
Driver onboarding package	\$39.00	per driver
Annual MVR inquiry	\$5.95	per inquiry
Remarketing fee	3.5%	of Gross Sale Proceeds; \$250.00 minimum

EXHIBIT C — SERVICE LEVELS AND AUTHORIZATIONS

Provider shall use commercially reasonable efforts to meet the following service levels, measured monthly across all Enrolled Vehicles.

Measure	Target
Accident reporting line availability	24 hours / 365 days
Maintenance authorization response (in-network)	within 30 minutes, 7:00–19:00 CT
Violation remittance before penalty escalation	98% of violations received 5+ business days before deadline
Registration renewal filing lead time	45 days prior to expiration
Fleet Portal availability	99.5% monthly, excluding scheduled maintenance
Invoice delivery	by the 10th calendar day of each month

Maintenance purchase orders exceeding \$1,000.00 require prior authorization by Client's designated fleet administrator. Client's initial designee is the office of Ramon T. Delgado, Chief Operating Officer, or such other person as Client may designate in writing through the Fleet Portal.

EXHIBIT D — IMPLEMENTATION PLAN AND ACCOUNT TEAM

The Parties shall implement the program in accordance with the following indicative milestones, measured from the Effective Date. Dates may be adjusted by mutual written agreement of the implementation leads.

Milestone	Target
Kickoff; data file exchange (vehicles, drivers, garaging)	Week 1
Fleet Portal provisioning; user training	Weeks 2–3
Fuel card production and distribution	Weeks 3–4
Toll transponder distribution; telematics installation scheduling	Weeks 4–8
Registration and violation service cut-over	Week 6
First consolidated invoice	First full Billing Cycle after cut-over
Implementation close-out and stabilization review	Week 12

Provider's account team shall consist of a strategic account manager, a dedicated client service representative, an implementation specialist, and access to Provider's analytics and supply-chain specialists. Changes to named account team members shall be communicated to Client in advance where reasonably practicable.

This Exhibit D is descriptive of the Parties' mutual implementation intentions and does not itself create fee obligations; fees are governed exclusively by Article III and Exhibit B of the Agreement.
